Roblox is one of those games that seems to have been around forever. The free-to-play multiplayer game has been a hit with kids and adults alike for years. However, the allure of Roblox account generators has always been strong. Supposedly, they'll create an account loaded with free bonus items, and a stash of Robux to spend on items. This leaves one big question – are free account generators safe to use?

Equally, if you get caught using an account generated through these programs, there are big consequences. The official Roblox site strongly advises against using schemes like account generators. They say that anyone asking you to input your details anywhere is scamming you, and that you won't receive a glitched account or free Robux. The terms of service also warn against it, too. The term originated in Neal Stephenson's 1992 novel *Snow Crash*, the story of a pizza delivery rider who spends his free time escaping his daily life by plugging into the Metaverse – a simulated world which allows its denizens to live as whoever they designed their avatars to be, in a shared reality which is always on and beyond the control of any one user.

Generally speaking, you're better off avoiding Roblox account generators. Not only are they unlikely to give you the wealth of riches they promise, but they could also land you in trouble with the Roblox Corporation.

What has made Roblox unique in its field has been the interplay between its enormous constellation of experiences and its personalised avatar system. When you enter any given Roblox world, the user does not assume control of a context-relevant character (think Sonic, Mario, or Lara Croft) but as your persistent, user-created avatar. A virtual You, effectively – whoever you've chosen to be. Add to that an attendant in-game economy which has sprung up to support this expression of identity, with all sorts of user-generated clothing, hairstyles, accessories and skins available to purchase in the platform's avatar shop. Roblox offers an opportunity, then, not just for play, but for digital-first designers and entrepreneurial retailers.
